ok. ya, this is fucked up shit around here! i will be finding a mailroom person at the mainline today and/or talk to counselor as he is the one who hands legal mail out. what a shit show!!!

Well, the court actually is demanded now to have an answer to the summons question on the FTCA within 10 days of this last Thursday (I checked Pacer; answer being what I sent you and what you're waiting for). 10 days also is next Sunday, Friday is a holiday, so I have to basically go in person again on Thursday or earlier to turn in what I sent you. This mail delay shit is retarded.

So that's the plan right now.

I might need you to type out some stuff for me again, like declarations. I'm going to think about it. Finishing up something for Strauss right now and then on to you.

ok. i will get the copy of outside letter from them anyways(no envelopes allowed thru). i will try to find one of the mailroom co's at mainline. thats the only way i will contact them. mailroom is over at the camp i was told. cover letter is np. so it arrived on the 11th of june?? i am on it! adios buddy.

We should be okay; just see if you're able to quickly make a scan copy of the envelope that you received which should also have a stamp of some or pen mark on when they received it.

Don't send that to the court; keep that file to send to me later.

Please also when you do it get, include an additional cover letter that details the delay in simple language.
